

Travel Type Finder

This flowchart shows whether or not a student is required to submit a request to study abroad and a departure notice. The overseas travel notice must be submitted by all students departing from Japan, regardless of the type of travel.

Note 1: Even if the above chart indicates that you are not required to submit a request to study abroad, when your school, department or graduate major determines that you need to change your status to "studying abroad," you must submit a request to study abroad. (Trip Type B)
 Note 2: Even if the above chart indicates that you are required to submit a departure notice, it may not be required at the discretion of the program/class administrator.
